

California State Lands Commission

- July 26, 2016 (Oceanside, San Diego County)
July 27, 2016 (San Clemente, Orange County)
- **SAN ONOFRE NUCLEAR GENERATING STATION UNITS 2
& 3 POST-SHUTDOWN DECOMMISSIONING PROJECT**
- Presented by California State Lands Commission Staff, with assistance from Aspen Environmental (under contract to the Commission)

MEETING AGENDA

- Introduction and Meeting Purpose
- Opportunity for Applicant to Present Project Description
- California Environmental Quality Act (CEQA) Process
- **Public Comments**
- Close of Meeting

CEQA LEAD AGENCY

- California State Lands Commission (CSLC)

APPLICANTS

- Southern California Edison (SCE) on behalf of the Co-Participants (San Diego Gas & Electric Company, the City of Anaheim, and the City of Riverside.

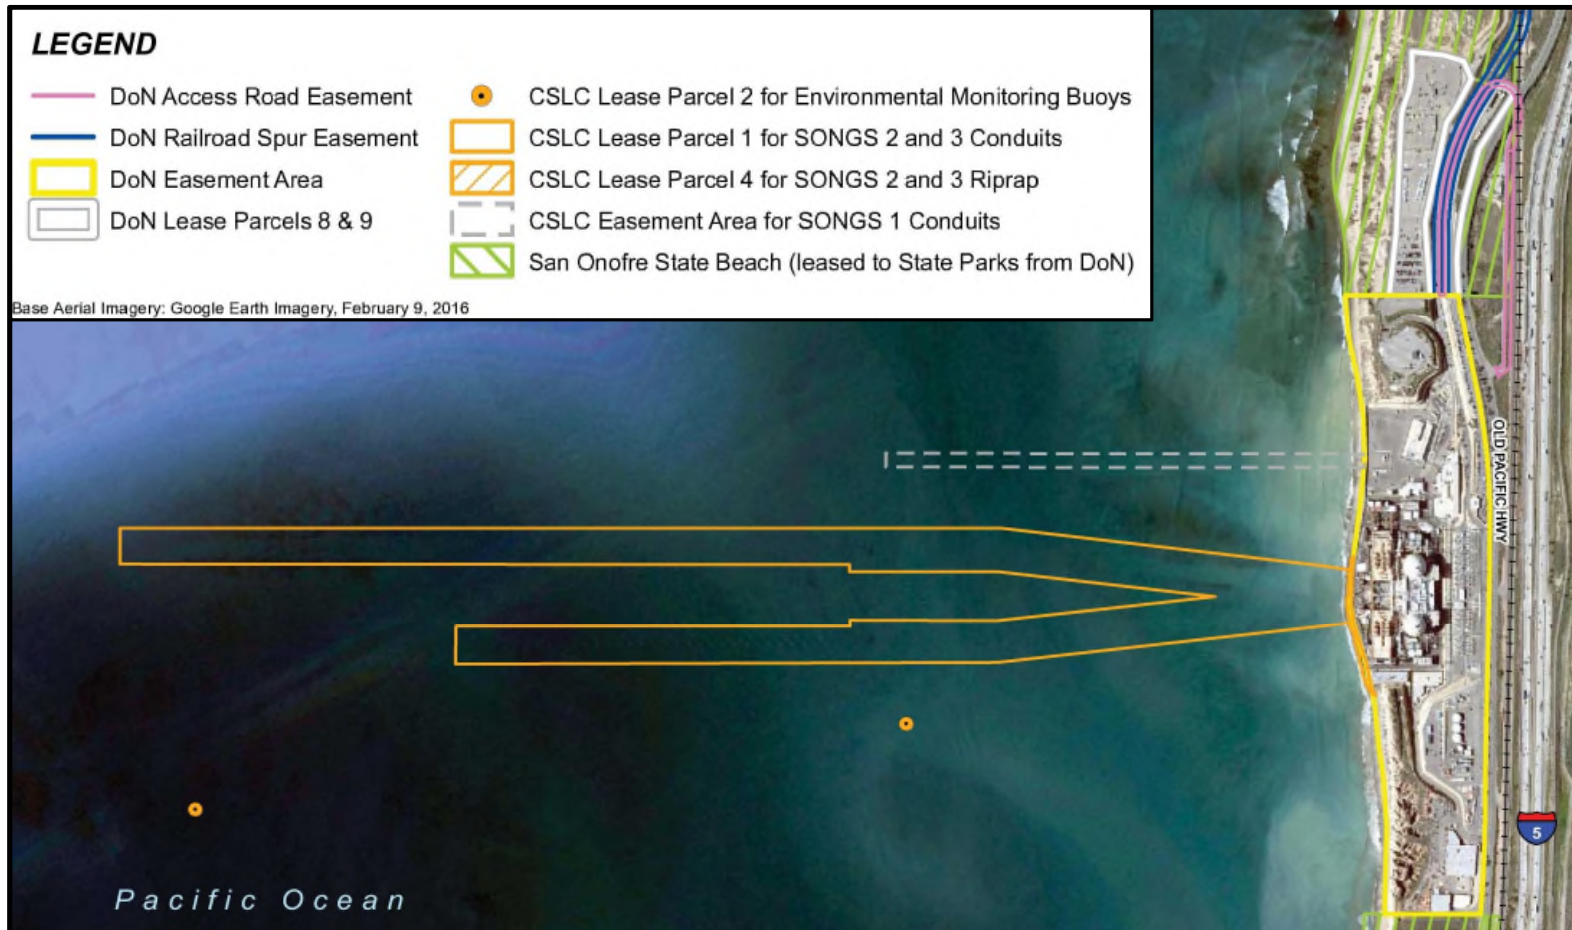

MEETING PURPOSE

- To obtain agency and public input and comment on the scope of the issues and analysis that the State Lands Commission should consider in the Project Environmental Impact Report (EIR)
- To ensure that all oral comments presented today are recorded in the transcript

JURISDICTION

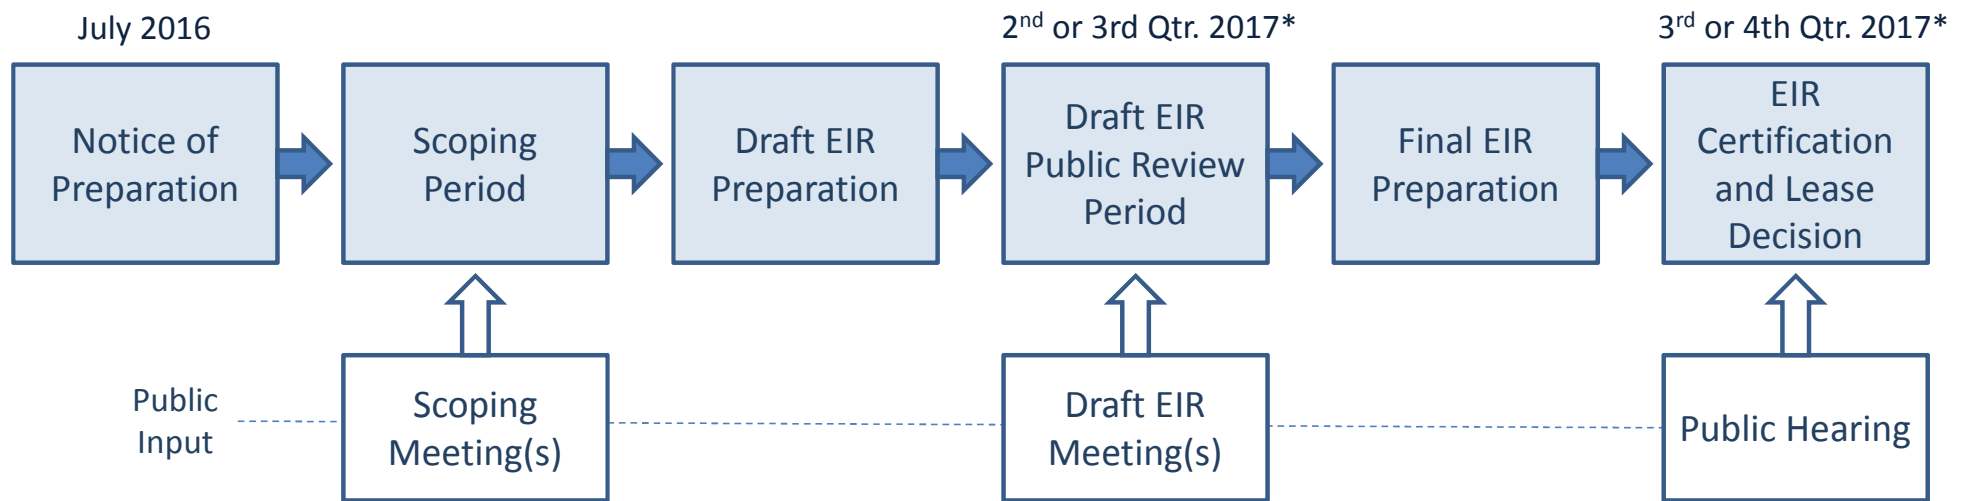

CSLC: Serving the Public Trust Since 1938

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

- CEQA applies to projects that require a discretionary approval from a State or local agency (except for certain types of projects exempt from CEQA's requirements)
- Preparation of an Environmental Impact Report (EIR) is required when evidence indicates that the proposed project would have a significant impact(s) on the environment

EIR PROCESS

*Tentative schedule

IMPACT ANALYSIS

- Impacts are based on changes to the environment compared to existing conditions
- CEQA requires the analysis to focus on “significant” impacts
- Measures are required to reduce or avoid significant impacts
- Social and economic impacts are not considered significant
- Alternatives are generally evaluated in less detail than the proposed project

POTENTIAL IMPACTS

The Project could result in impacts to the following resources:

- Aesthetics
- Air Quality
- Biological Resources (Marine & Terrestrial)
- Cultural Resources
- Geology and Soils
- Greenhouse Gas Emissions / Climate Change
- Hazardous / Radiological Materials
- Hydrology, Oceanography & Water Quality
- Land Use and Planning
- Noise
- Transportation / Traffic
- Utilities and Service Systems
- Other: Socioeconomics / Environmental Justice
- Special Impact Areas: Cumulative Impacts and Growth-Inducing Impacts

ALTERNATIVES

- EIR alternatives must:
 - Meet most project objectives
 - Be feasible
 - Be capable of reducing one or more significant impacts of the Project

HELPFUL SCOPING COMMENTS INCLUDE

(State CEQA Guidelines, § 15083, subd. (a)):

- Range of actions
- Alternatives
- Mitigation measures
- Significant impacts to be analyzed in depth in the EIR

*Please limit comments to 3 minutes or less
(you may also submit written comments)*

SCHEDULE (tentative)

We are
here

- Notice of Preparation (*30-day public review*) July 12, 2016
- Scoping Meeting..... July 26-27, 2016
- Scoping comments due August 15, 2016
- Release of Draft EIR (*minimum 45-day public review*) & Public Meeting 2nd or 3rd Quarter 2017
- CSLC Action on Final EIR & Project application (at Public Hearing) 3rd or 4th Quarter 2017

**Written comments must be received or postmarked by
Monday, August 15, 2016**
